

跑跑跑跑跑

running

It

Can you catch up?

Yes

Really...!

What the hell is
wrong with this
place?

U
U

U
U

U

好久
Long time

They looked
so happy too!

Where the heck?

These strange
artworks are
chasing us...

不见
No one

Are you ok?

Let's...
Let's rest
here for
a while...

This seems
to be a
safe place

转
Turn

Even the
doors and
paths are
strange!

Er?

You're being
so calm

Didn't you
say you're
thirteen?

You're so
reliable

It even scared
the hell out
of me

Usually girls
like it would
be scared too

Like I
under-
stand
this
world

I feel
safe

I adapt
quickly
to this
place

How
even

It... it's
nothing

It's fine
to rely
on me,
you know?

I still understand
everything even
if I don't know
about myself

Maybe I
saw it in
TV

But I've
always
felt...

However...

En?

I was trying
to calm her

Did I make
her feel
even more
uneasy?

Don't give me that look!
I'm a man after all~

Of course I can protect
a little girl!

W...well, is?

It's...it's fine!
The truth is...

B...but, if a girl
is in this kind of
place with a strange
guy...

Of course
she would be
scared

Maybe I'm
too creepy?

Even if
it's impossible
to be not
interested...

O-o...
Because I'm
an otaku!

I don't have
that kind of
interest in girls!

You like guys?

That...
So it means...

This...this is bad
I can't do other

A...
actually...

Uh, well...
How to put
it...

Did I
make it
even more
tense?

What the?

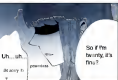

I'm not a lolicon!

Relax!

There's no way I will target them!

Either it's guys or girls, I won't date anyone who's under 20!

Uh... uh...

It's okay to

presentate

So if I'm twenty, it's fine?

Her spirit went down?

What am I supposed to do with this kid?

This... uh... We have to consider the situation...

After I graduate the high school, is it alright?

You... you want to graduate soon?

If I'm 18 is it alright?

That's a bit...
Calm mind

What about sixteen?

It's forbidden for those under twenty?

Er?

How does... it feel?

B...but... The atmosphere is better now

Truth good

Another five years!

I was just trying to calm her, how did it turn into this topic?

Wahh?!

This is unexpected

This rose...

Seems like
it's connected
to our bodiua

About the
rose...

It should go
that way with
yours, too

So casual

It's true

As expected...

Yes

Are you okay?

As expected...

That king...

He's trapped
in his own
maze

It's not
safe here,
either

We have no
choice but
to keep
moving

What
to do?

Must be when
he pulled
her in

He's now
involved in
this too

But...

At

Are you
really ok?

If I let
them I'll
remember
too

He's still
a king after
all

Thanks
I'm fine
now

He lost
his
memories
as a king

What a
stupid king

The image features a dense garden of red roses and dark, thorny vines. In the center, a white, vertically-oriented oval frame is superimposed over the scene. Inside this frame, the text "So red..." is written in a simple, black, sans-serif font. The background shows a checkered floor in the lower portion and a stone archway in the upper portion, both partially obscured by the thick growth of roses.

So red...
